

Blazing barcodes at your fingertips.

blazin' barcodes is the easy answer to your barcode printing needs. Simple, effective, and easily customizable, this utility allows you to print barcodes for items at your store. Through use of label files, you can customize the output of your barcodes to best fit your printing needs. All of your barcodes are stored for later use, giving you a robust label-printing solution at a low price.

Easy to design. **blazin' barcodes** allows you to quickly choose formats for your barcode labels using pre-plotted printing formats. You can select virtually any type of label handled by Dymo brand label printers, then print your custom barcodes and item descriptions on it. If you'd rather print to standard 8.5 x 11" paper, **blazin' barcodes** can handle that as well.

Easy to manage.

Print multiple SKUs at once, simplifying your barcode printing experience, or look up saved SKUs automatically. **blazin' barcodes** makes it easy for you to manage barcode printing by ensuring that you don't need to do the same work multiple times over. You can even preview barcodes before you print to make sure that everything is set up to your specifications.

Easy to expand. **blazin' barcodes** isn't just for small stores. At its simplest, **blazin' barcodes** prints quality barcodes for use in standard barcode scanning. If you expand your store by using one of our other retail products, like **ezpos** or **perennial**, the possibilities become endless. **blazin' barcodes** can become the crux of your store's identification processing for inventory or assembly.

Easy to understand. The evident simplicity of **blazin' barcodes** means that you won't need to spend hours poring over user manuals. You can leap right in and begin printing barcodes within minutes. All you need to do is type in an item description and a barcode number, and **blazin' barcodes** will print it!

Easy to try. Try **blazin' barcodes** for free by visiting us at <http://blazinbarcodes.systemswest.com>. All trials are fully-featured, and can be used in demo-mode for an unlimited time before you choose to buy. We're confident that you'll see the value of our product.

Easy to buy. **blazin' barcodes** starts at just \$49 a license. **ezaccess** service will provide you with a gateway to support, software updates, and technology services. We are a full-service Point of Sale provider, and gladly offer custom quotes to fit your store's needs. You can purchase **blazin' barcodes** on-line by visiting the Systems West store at <http://www.systemswest.com>.
