

## Your Complete Software Solution for Retail Sales

**ezpos will revolutionize your retail store.** With its simple user interface and low cost, **ezpos** allows you to make sales, track inventory, and collect customer information with ease. **ezpos** is an amazingly flexible program that allows you the freedom to run your store the way you want to. It is capable of a wide variety of integrations. And it features a suite of add-ons that allow **ezpos** to adapt to your store's growth! **ezpos** will help you start a new store, or to organize your existing business into a whole new level of simplicity.

**Easy to learn.** **ezpos** organizes all of your store's information into three key sections: *Inventory*, *Customers* and *Employees*. You and your employees can learn **ezpos** quickly and begin processing sales easily. And customizable reports give you all the information you need for your store. Simple onscreen buttons give **ezpos** a natural feel that will be appreciated by users at any level of computer expertise.

**Easy to grow.** **ezpos** expands with your store by allowing you to add workstations effortlessly. All of your information is available at each workstation in your store.

**Easy to adapt.** A large suite of add-on capabilities enable you to adapt **ezpos** to fit your store. In addition to a complimentary suite of utilities that handle anything from across-the-board price changes to data backups. **ezpos** also integrates with other software. Handheld Data Collector integration allows you to perform full inventories and do large receivings in minutes. **ezedi** sends purchase orders and receives invoices electronically, condensing the long process of counting physical inventory into mere minutes. And PCCharge integration allows you to ring up credit and debit cards from your point of sale station.

**Easy to connect.** Profit from building your store into a community. **ezpos** allows you to create mailing lists in seconds that will help you stay at the forefront of your customers' minds. And **ezpos** easy shares these customers with our **ezscheduler** software that helps you to systematize and sell your services. What's more, **ezpos** now integrates with **ezdebit** Payment Processing and **ezcontact** Target Marketing to help you even more!

**Easy to buy.** **ezpos** is priced competitively. What's more, our **ezaccess** Support Plans will provide you with a service gateway for software updates and technology services. Visit [signup.systemswest.com](http://signup.systemswest.com) for details. We are a full-service Point-Of-Sale provider, and gladly offer custom quotes to fit your store's needs.
