

ezscheduler

software that schedules your work orders

grooming

Your Easy Software Solution for Retail Services

ezscheduler will systematize your service department. Make it easy with user-friendly software to make schedules for your jobs, appointments, work orders, and more! Whether it be grooming, repairs, pool service, or even simple tasks around the store, your company thrives on a well-organized schedule. Once you make the move to **ezscheduler**, you'll be amazed at how easy it is to sell your services.

Easy to employ. **ezscheduler** is a simple, lightweight program that allows you to define tasks and resources for your business, then determine *who* is doing *what*, *where*, and *when*. **ezscheduler** will help you manage your resources – technicians, grooming stalls, trucks, equipment, or employees, for example — for any task you create. **ezscheduler** also ensures that information about these jobs is always accurate, giving your employees the tools they need. With little training, you'll be able to handle work orders for your entire business with ease!

Easy to grow. As your retail and service store grows, **ezscheduler** expands to fit your needs. Run **ezscheduler** on a single, stand-alone computer, or add workstations as your store expands. Install **ezscheduler** on as many stations as you want at no additional cost. This makes your data available anywhere in your store in an instant.

Easy to grasp. Retail and service-oriented stores are too complex for one person to manage. **ezscheduler** makes it easy to grasp all of the service activities going on at your store. Clear reports are available at your fingertips throughout the day.

Easy to integrate. **ezscheduler** functions as a stand-alone program, and seamlessly integrates with **ezpos** to provide high-quality service scheduling for all of your point-of-sale customers. **ezpos** is a complete solution for retail point-of-sale that features advanced reporting and tracking capabilities. You can share your customers between **ezpos** and **ezscheduler**, scheduling services and accepting payment for them all at once.

Easy to buy. **ezscheduler** is priced competitively. What's more, our **ezaccess** Support Plans will provide you with a service gateway for software updates and technology services. Visit ezaccess.systemswest.com for details. We are a full-service Point-Of-Sale provider, and gladly offer custom quotes to fit your store's needs.

Easy to try. **ezscheduler** is the single software solution for your store's services. Try **ezscheduler** for free! Visit ezscheduler.systemswest.com and Try It Now!
